

Some things in life just **click.**

Now
pen needles
do too!

Clickfine® pen needles simply click-on all major diabetes pens.

- Quick, easy and unique — they're the first-ever pen needles that click.
- They're Swiss-made with patented click-on technology.
- Advanced design provides maximum comfort and reliability.
- Every box includes English and Spanish instructions and tips for more comfortable injections.
- Clickfine pen needles are covered by most health insurance plans.*

So, to make life a click easier for people with diabetes — recommend Clickfine pen needles. For ordering information or to learn more, call us at 1-800-461-7448 or visit myClickfine.com.

Clickfine® *universal pen needles*

* Among major insurance plans that cover pen needles
